PACIFIC PRAYER REQUEST

AUSTRALIA needs our PRAYERS!

While we are extremely thankful that none of our churches were destroyed and no members lost their home, 25 people lost their lives during the **fires** and almost half a billion animals in **Australia** died. The **losses** in **Australia** are estimated at \$485 million this bushfire season. More than 2,500 buildings and 1,800 homes have been destroyed.

May God bless, keep and strengthen the UPCA!

The PHILIPPINES needs our PRAYERS!

In recent months, the most **southern island of Mindanao** has suffered greatly with multiple, **strong earthquakes** which have caused much damage, **particularly in the Digos / Kidapawan area**. Please pray for those who have lost their homes. District officials are still in the process of assessing the total amount of damage done to our churches in the area.

Local authorities in the **Philippines** have warned of a hazardous eruption after the **Taal volcano** began spewing lava. Clouds of ash blew as far as the capital city of Manila (62 miles away), shutting down the Int'l Airport. Pray for the local residents who have lost their homes and source of income due to this tragedy, and pending further eruptions.

Prayer turns ordinary mortals into men of power. It brings power. It brings fire. It brings rain. It brings life. It brings God.
